Annie,

This case was scheduled for jury trial next Tuesday Feb. 2. It just got continued at the request of defense counsel to May 24, 2012 so no need for you to be in court next Tuesday - at least not for this case.

Thanks,  
Josh

Hey!! Thanks a lot Della. lol

No worries. We will send the discovery packet to you.

Let me know if you need anything else pertaining to this case.

Thanks.

Good Afternoon Josh,

After taking a look at this case, it would make the most sense to subpoena Annie Dookhan. She was the confirmatory chemist for [REDACTED] and the primary chemist for [REDACTED]. Feel free to contact us in the lab at 617-983-6689 if you need any further information.

Della

Hi Annie, Stacey, and Della,

I am prosecuting the above-referenced case. The drug certifications that I have in the file show that you analyzed three samples, found to be cocaine, at the William Hinton State Lab Institute in Jamaica Plain. The three lab numbers are [REDACTED]

Can you please send me the corresponding drug file folder packets? This case is on for Jury Trial on February 7, 2012. If there is anyway that you could send them out as soon as possible so that I can turn them over to defense counsel at least two weeks before trial?

Our office will be sending out summons to you all shortly but please let me know if I could get away with only calling 1 or 2 of you at trial. Annie, it looks like you signed all three but I want to be sure that you worked on each sample - as each is the basis for a separate count.

Thanks so much and please do not hesitate to contact me with any questions or concerns.

Regards,  
Josh
